

6 March 2006

Recommended cash offer for The BOC Group plc by Linde AG

Summary

- The boards of directors of Linde and BOC are pleased to announce that they have reached agreement on the terms of a recommended cash offer by Linde for the entire issued and to be issued share capital of BOC. It is intended that the Offer will be implemented by way of a court-approved scheme of arrangement under section 425 of the Companies Act.
- Under the terms of the Offer, BOC Shareholders will receive 1,600 pence in cash for each BOC Share (which results in 3,200 pence in cash for each BOC ADS). The Offer values BOC's existing issued share capital at approximately £8.2 billion.
- The Offer Price represents:
 - a premium of approximately 40 per cent. to the average closing price of 1,143 pence per BOC Share during the three months up to and including 23 January 2006 (being the last Business Day prior to the announcement by BOC that it had received an approach from Linde); and
 - a premium of approximately 39 per cent. to the closing price of 1,151 pence per BOC Share on 23 January 2006.
- A Loan Note Alternative will also be made available to all BOC Shareholders other than to Restricted Overseas Persons and US Persons.
- The making of the Offer is subject to the satisfaction or waiver of US and European competition authority clearance pre-conditions. If these pre-conditions are not satisfied by 31 May 2006, BOC Shareholders will be entitled to receive and retain an increasing proportion of the ordinary course Second Interim Dividend, up to a maximum amount of 27 pence per BOC Share if such pre-conditions are not satisfied by 26 July 2006.
- The directors of BOC, who have been so advised by JPMorgan Cazenove and Merrill Lynch, consider the terms of the Offer to be fair and reasonable. In providing their advice, JPMorgan Cazenove and Merrill Lynch have taken into account the commercial assessments of the directors of BOC. Accordingly, the directors of BOC intend unanimously to recommend BOC Shareholders to vote in favour of the Scheme and the resolutions at the Court Meeting and the EGM as they have irrevocably undertaken to do in respect of their own beneficial shareholdings of 101,677 BOC Shares, representing approximately 0.02 per cent. of the existing issued share capital of BOC.

- The transaction provides the opportunity for Linde and BOC to create a leading worldwide focused industrial gases business with combined gas and engineering sales of around €11.9 billion. The combination of Linde and BOC would result in a much larger, global gas player with complementary products and geographic positions. Such a combination would be very well positioned in the key high growth products and regions of the gases industry and would be better able to serve its customers worldwide.
- In addition to the improved growth prospects and increased sales volume from integrating operations and businesses in many geographical regions of the enlarged group, Linde believes the combination creates an opportunity to deliver synergies through the combined group, prior to any one-off expenses, of approximately €250 million per annum, to be fully realised during 2009. These synergies would be predominantly based on joint supply management optimisation and combined procurement volumes and a reduction in selling, general and administrative expenses.
- Through a rapid but smooth integration and transformation, as well as the mutual exchange of best practices in all functions, regions and market segments, the combined group would strive to unlock value opportunities for shareholders, customers and employees. Linde believes that the acquisition will further enhance its proven capability to execute a profitable growth strategy.
- Commenting on the Offer, Prof Dr-Ing Wolfgang Reitzle, Chief Executive Officer of Linde, said:

“I am delighted that BOC’s board has decided to recommend our proposed offer. Linde and BOC are a perfect match. We will combine the best competencies and abilities of both organisations in a single integrated whole and we will be able to offer our customers a significantly enlarged product range as well as comprehensive services – and we will be able to do so worldwide. We will have an even better entrance into the international fast-growing markets which will provide the basis for stable future earnings and cash flows. With this acquisition, we will continue to focus on our strategy of dynamic, earnings-based growth and achieving a sustained creation of value. Linde and BOC have enjoyed excellent relations over many years and we look forward to welcoming the BOC management and employees into the enlarged Linde Group.”

- Commenting on the Offer, Tony Isaac, Chief Executive Officer of BOC, said:

“Today’s Offer represents an excellent opportunity for BOC Shareholders to realise significant value in cash from their investment. The price of the Offer is a reflection of BOC’s many attractions as a business and is a tremendous endorsement of all the hard work by BOC’s people in developing and strengthening the group over recent years. The combination of BOC and Linde will create an even more powerful international gases group, with

significant operations on all five continents, that will benefit both its customers and staff in the years to come.”

Forward Looking Statements

This announcement includes “forward-looking statements” under United States securities laws. These statements are based on the current expectations of the

management of BOC and Linde and are naturally subject to uncertainty and changes in circumstances. The forward-looking statements contained herein include statements about the expected effects on Linde of the Offer, the expected timing and scope of the Offer, anticipated earnings enhancements, estimated cost savings and other synergies, costs to be incurred in achieving synergies, potential disposals and other strategic options and all other statements in this announcement other than historical facts. Forward-looking statements include, without limitation, statements typically containing words such as “intends”, “expects”, “anticipates”, “targets”, “estimates” and words of similar import. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. These factors include, but are not limited to, the satisfaction of the Pre-Conditions and the conditions to the Offer, and Linde’s ability to successfully integrate the operations and employees of BOC, as well as additional factors, such as changes in economic conditions, changes in the level of capital investment by the semiconductor industry, success of business and operating initiatives and restructuring objectives, customers’ strategies and stability, changes in the regulatory environment, fluctuations in interest and exchange rates, the outcome of litigation, government actions and natural phenomena such as floods, earthquakes and hurricanes. Other unknown or unpredictable factors could cause actual results to differ materially from those in the forward-looking statements. Neither BOC nor Linde undertake any obligation to update publicly or revise forward-looking statements, whether as a result of new information, future events or otherwise, except to the extent legally required.

Dealing Disclosure Requirements

Under the provisions of Rule 8.3 of the City Code, if any person is, or becomes, “interested” (directly or indirectly) in 1 per cent. or more of any class of “relevant securities” of BOC, all “dealings” in any “relevant securities” of BOC (including by means of an option in respect of, or a derivative referenced to, any such “relevant securities”) must be publicly disclosed by no later than 3.30 p.m. (London time) on the London business day following the date of the relevant transaction. This requirement will continue until the date on which the Scheme becomes effective, lapses or is otherwise withdrawn or on which the “offer period” otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an “interest” in “relevant securities” of BOC, they will be deemed to be a single person for the purpose of Rule 8.3.

Under the provisions of Rule 8.1 of the City Code, all “dealings” in “relevant securities” of BOC by Linde or BOC, or by any of their respective “associates”, must be disclosed by no later than 12.00 noon (London time) on the London business day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose “relevant securities” “dealings” should be disclosed, and the number of such securities in issue, can be found on the Panel’s website at www.thetakeoverpanel.org.uk.

“Interests in securities” arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an “interest” by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the City Code, which can also be found on the Panel’s website. If you are in any doubt as to whether or not you are required to disclose a “dealing” under Rule 8, you should consult the Panel.

Recommended cash offer for The BOC Group plc by Linde AG

1. Introduction

The boards of directors of Linde and BOC are pleased to announce that they have reached agreement on the terms of a recommended cash offer by Linde for the entire issued and to be issued share capital of BOC. It is intended that the Offer will be implemented by way of a court-approved scheme of arrangement under section 425 of the Companies Act.

The directors of BOC, who have been so advised by JPMorgan Cazenove and Merrill Lynch, consider the terms of the Offer to be fair and reasonable. In providing their advice, JPMorgan Cazenove and Merrill Lynch have taken into account the commercial assessments of the directors of BOC. Accordingly, the directors of BOC intend unanimously to recommend BOC Shareholders to vote in favour of the Scheme and the resolutions at the Court Meeting and the EGM.

Linde has received irrevocable undertakings to vote in favour of the Scheme and the resolutions at the Court Meeting and the EGM from directors of BOC in respect of 101,677 BOC Shares, representing approximately 0.02 per cent. of the existing issued share capital of BOC.

2. The Offer

It is intended that the Offer, the making of which will be subject to the Pre-Conditions, will be implemented by way of a Court-approved scheme of arrangement under section 425 of the Companies Act. Under the Scheme, which will be subject to the conditions and further terms set out below and in Appendix 1 to this announcement and to be set out in the Scheme Document and the Form of Election, BOC Shareholders at the Scheme Record Time will be entitled to receive:

for each BOC Share 1,600 pence in cash

This results in 3,200 pence in cash for each BOC ADS.

The Offer values BOC's existing issued share capital at approximately £8.2 billion.

The Offer Price represents:

- a premium of approximately 40 per cent. to the average closing price of 1,143 pence per BOC Share during the three months up to and including 23 January 2006 (being the last Business Day prior to the announcement by BOC that it had received an approach from Linde); and

- a premium of approximately 39 per cent. to the closing price of 1,151 pence per BOC Share on 23 January 2006.

The making of the Offer is subject to the Pre-Conditions set out in Appendix 1 to this announcement, which relate to the obtaining of regulatory clearances from the European Commission and the United States competition authorities. The Scheme Document will not be posted unless and until such time as all the Pre-Conditions have been satisfied or waived.

The new Shares to be issued to Linde pursuant to the Scheme and the Loan Note Elected Shares to be acquired by Linde pursuant to the Scheme will be issued and acquired, respectively, together with all rights now or hereafter attaching thereto, including the right to receive and retain all dividends and other distributions announced, declared or paid on or after the date of this announcement, provided that BOC Shareholders may be entitled to receive and retain the Second Interim Dividend, as described below.

If the Pre-Conditions have not been satisfied by 31 May 2006, BOC will be permitted to pay the Second Interim Dividend to the BOC Shareholders, up to a maximum of 27 pence per BOC Share. The amount of the Second Interim Dividend shall be equal to 3.375 pence per BOC Share for each consecutive period of seven days (but shall not accrue for part of such a period) during the period commencing on 1 June 2006 and ending on the earlier of (a) 26 July 2006 and (b) the date on which Linde announces the satisfaction of the Pre-Conditions. For the avoidance of doubt, if the Pre-Conditions have been satisfied by 31 May 2006, no part of the Second Interim Dividend will either accrue or be paid.

3. Irrevocable Undertakings

Linde has received irrevocable undertakings to vote in favour of the Scheme and the resolutions at the Court Meeting and the EGM from the directors of BOC in respect of their entire holdings of 101,677 BOC Shares, representing approximately 0.02 per cent. of the existing issued share capital of BOC. The undertakings from the directors of BOC will cease to be binding only if:

- (a) Linde announces, with the consent of the Panel and before the Scheme Document is posted, that it does not intend to proceed with the Offer (and no new, revised or replacement Scheme or offer is announced in accordance with Rule 2.5 of the City Code, on terms no less favourable to BOC Shareholders than those set out in this announcement, at the same time or within 28 days thereafter); or
- (b) the Pre-Conditions have not been satisfied (or waived) by 31 October 2006.

Further details of these irrevocable undertakings are set out in Appendix 4 to this announcement.

5. **Information relating to BOC**

BOC, headquartered in Windlesham in the UK, is one of the world's leading industrial gases companies. The BOC Group has an international portfolio of companies grouped into three main lines of business:

- **Process Gas Solutions** encompasses large on-site supply schemes, especially in the metals, chemicals and petroleum sectors, as well as small on-site schemes and liquid supplies for customers in sectors such as food and beverages, glass and minerals. In the financial year to 30 September 2005, Process Gas Solutions had Total Revenue of £1,466 million, accounting for 32 per cent. of BOC's Total Revenue;
- **Industrial and Special Products** covers a range of products including compressed gases, special and medical gases and LPG, as well as smaller sales of bulk liquefied gases. In the financial year to 30 September 2005, Industrial and Special Products had Total Revenue of £1,722 million, accounting for 37 per cent. of BOC's Total Revenue; and

- **BOC Edwards** supplies a wide range of materials, process-enabling equipment and services to the semi-conductor industry and its vacuum technology business supplies vacuum pumps for a variety of industrial and scientific applications. In the financial year to 30 September 2005, BOC Edwards had Total Revenue of £826 million, accounting for 18 per cent. of BOC's Total Revenue.

BOC also has a specialist logistics business, Gist, and the BOC Group has a 20 per cent. interest in a hospitals business based in South Africa.

BOC's sales from Process Gas Solutions and Industrial and Special Products businesses in the financial year to 30 September 2005 were 30 per cent. in the Americas, 25 per cent. in Europe, 35 per cent. in Asia-Pacific and 10 per cent. in Africa.

For the financial year ended 30 September 2005, BOC reported earnings before exceptional items of £334 million and Total Revenue of £4,605 million. In its interim results for the three months ended 31 December 2005, BOC reported earnings before exceptional and certain remeasurement items of £91 million on Total Revenue of £1,224 million. As at 31 December 2005, the BOC Group had shareholders' capital and reserves of £2,066 million.

BOC has a current market capitalisation of approximately £7.9 billion (based on the closing price of 1,544 pence for each BOC Share on 3 March 2006). BOC Shares are traded on the London Stock Exchange and BOC ADSs are traded on the New York Stock Exchange.

6. **Background to and reasons for the Offer**

The transaction provides the opportunity for Linde and BOC to create a leading worldwide focused industrial gases business with combined gas and engineering sales of around €11.9 billion. The combination of Linde and BOC would result in a much larger, global gas player with complementary products and geographic positions. Specifically, such a combination would:

- create a leading global industrial gases company:
 - complementary worldwide footprint with a presence in approximately 70 countries;
 - a leading market position in core product segments (cylinders, bulk and onsite); and
 - covering the key market segments in industrial gas in a leading position (refining, manufacturing, metallurgy, food and chemicals etc.);
- enable the combined group to improve its ability to serve its customers worldwide:

- strong international presence with local management, production, sales and engineering;
- comprehensive product and service offering in industrial gases;
- joint application innovation with know-how exchange; and
- providing industrial gases and engineering from a single source; and
- enhance Linde's position in high growth areas for industrial gases:
 - strong position in fast growing regions (Eastern Europe, Asia/Pacific and South America);
 - complementary development opportunities in high-growth gas segments such as healthcare and electronics; and
 - enhanced expertise in key future growth sectors such as specialty gases and hydrogen.

In addition to the improved growth prospects of the enlarged group, Linde believes the combination creates an opportunity to deliver synergies throughout the combined group, prior to any one-off expenses, of approximately €250 million per annum, to be fully realised during 2009. The one-off expenses involved in obtaining such synergies are anticipated to be approximately €200 million, all of which are expected to be incurred before the end of 2008. These synergies are expected to be predominantly based on joint supply management optimisation and combined procurement volumes and a reduction in selling, general and administrative expenses. In addition, Linde expects to achieve revenue synergies through increased sales volume from integrating operations and businesses in many geographical regions, cross selling and an enhanced global customer product and service offering.

Through a rapid but smooth integration and transformation, as well as the mutual exchange of best practices in all functions, regions and market segments, the combined group will strive to unlock value opportunities for shareholders, customers and employees. Linde believes that the acquisition will further enhance its proven capability to execute a profitable growth strategy and is expected to be accretive in terms of earnings per share during 2008.

These statements of estimated cost savings and one-off costs for achieving them relate to future actions and circumstances which, by their nature, involve risks, uncertainties and other factors. Because of this, the cost savings referred to may not be achieved, or those achieved could be materially different from those estimated.

This statement regarding earnings enhancement is not a profit forecast and should not be interpreted to mean that Linde's future earnings per share will necessarily match or exceed the historical published earnings per share of Linde or BOC.

7. **Background to and reasons for Recommending the Offer**

BOC's strong financial performance over recent years has produced consistent improvements in its return on capital employed and, with its excellent team of employees driving the business, has delivered significant value to BOC Shareholders.

Against this background, Linde approached BOC concerning a possible offer for BOC in January 2006. In assessing Linde's proposal, the BOC Board has had regard to both the price being offered and the likelihood that a transaction would complete. The Offer is materially more attractive than Linde's initial proposal and represents a significant premium to the BOC share price prior to the approach from Linde. In the view of the BOC Board, it is a full and fair price, taking into account the prospects for the BOC business and the strategic options available to the BOC Group. In the light of the financing arrangements which Linde has made and its plans to address any concerns raised by competition authorities, the BOC Board believes that this is an offer that will ultimately be delivered to BOC Shareholders.

Accordingly, the BOC Board intends to recommend that BOC Shareholders vote in favour of the Scheme which it considers to be in the best interests of BOC Shareholders as a whole.

8. **Information on Anti-trust and Potential Disposals**

Linde is confident that the Pre-Conditions will be satisfied in a timely manner, subject to agreement with the US and European authorities on reasonable divestments (which are expected to be limited given the complementary geographic basis of the enlarged group). In addition to any disposals required to satisfy anti-trust concerns or those triggered by reason of a change of control of BOC, Linde is evaluating its strategic options regarding the Material Handling business and the non-core assets of the combined group.

9. **The Loan Note Alternative**

As an alternative to some or all of the cash consideration of 1,600 pence per BOC Share which would otherwise be receivable under the Scheme, BOC Shareholders (other than Restricted Overseas Persons and US Persons) will be able to elect to receive Loan Notes to be issued by Linde on the following basis:

for every £1 of cash consideration otherwise receivable under the Scheme	£1 nominal value of Loan Notes
---	---

Further details of the Loan Note Alternative are included in Appendix 5 to this announcement and full details will be included in the Scheme Document and the Form of Election.

10. Structure of the Offer

It is intended that the Offer will be implemented by way of a Court-sanctioned scheme of arrangement under section 425 of the Companies Act. The Scheme will be an agreement between BOC and the BOC Shareholders and will be subject to the approval of the Court.

The purpose of the Scheme is to provide for Linde to become the owner of the whole of the issued ordinary share capital of BOC. This is to be achieved by:

- (a) the cancellation of the Cancellation Shares held by Cancellation Shareholders and the application of the reserve arising from such cancellation in paying up in full a number of new Shares (equal to the number of Cancellation Shares) and issuing them to Linde, in consideration for which Cancellation Shareholders, including those holding in the form of BOC ADSs, will receive cash on the basis set out in paragraph 2 above; and
- (b) the transfer by relevant BOC Shareholders to Linde of the Loan Note Elected Shares in accordance with the Scheme in consideration for which such BOC Shareholders will be issued Loan Notes, on the basis set out in paragraph 9 above, instead of the cash to which they would otherwise have been entitled.

The Loan Note Elected Shares will be acquired by Linde fully paid and free from all liens, equitable interests, charges, encumbrances and other third party rights of any nature whatsoever and together with all rights now or hereafter attaching thereto including the right to receive and retain all dividends and other distributions announced, declared or paid on or after the date of this announcement, other than the Second Interim Dividend (to the extent set out in paragraph 2 above).

The Scheme, when proposed, will be subject to the conditions and certain further terms set out in Appendix 1 to this announcement and to be set out in the Scheme Document and the Form of Election. In particular, it will require the approval of BOC Shareholders by the passing of a resolution at the Court Meeting. If the Pre-Conditions are satisfied or waived by 31 May 2006, it is expected that the Court Meeting will be held by the end of July 2006. However, there can be no certainty as to whether or when the Pre-Conditions will be satisfied or waived. The resolution at the Court Meeting must be approved by a majority in number of BOC Shareholders present and voting, either in person or by proxy, representing not less than 75 per cent. in value of the shares voted at the Court Meeting.

Implementation of the Scheme will also require the passing of the Special Resolutions (requiring the approval of BOC Shareholders representing at least 75 per cent. of the votes cast at the EGM, which will be held immediately after the Court Meeting).

Following the Meetings, and the satisfaction (or, where applicable, waiver) of the other conditions to the Scheme, the Scheme and the related reduction of BOC's ordinary share capital must be sanctioned by the Court and will become effective only upon delivery to the Registrar of Companies of a copy of the Order sanctioning the Scheme and confirming the reduction of ordinary share capital of BOC forming part of the Scheme and, in relation to the proposed reduction of ordinary share capital, the

registration of such order. Upon the Scheme becoming effective, it will be binding on all BOC Shareholders, irrespective of whether or not they attended or voted at the Court Meeting or the EGM.

It is expected that the Scheme Document will be posted to BOC Shareholders shortly after the satisfaction or waiver of the Pre-Conditions.

Holders of BOC ADSs will be given the opportunity to instruct the depositary of the BOC ADS programme how to vote the BOC Shares underlying their BOC ADSs. BOC ADS holders will receive their consideration from the depositary through the BOC ADS programme in accordance with the terms of the BOC ADS deposit agreement. Following the effective date of the Scheme, it is expected that the BOC ADS programme will be terminated.

11. Management, employees and pensions

Linde attaches great importance to the skills and experience of the existing management and employees of BOC. Linde and BOC's businesses are very complementary on a geographic basis and Linde expects that BOC managers and employees will play an important role in the enlarged group as well as benefiting from greater opportunities within it. Accordingly, it is Linde's intention to employ the best talents in the combined group. Further, Linde confirms that the existing employment rights, including pension rights, of all employees of BOC will be fully safeguarded.

Linde, BOC and the trustees of the BOC UK Defined Benefit Pension Schemes (having regard to the interests of active, deferred and retired members) have reached agreement in respect of BOC's obligations in relation to the funding of such schemes following completion of the Offer and the agreement has been cleared by the Pensions Regulator.

Participants in the BOC Share Schemes will be contacted regarding the effect of the Scheme and the Offer on their rights and appropriate proposals will be made to participants in due course (including a cashless exercise facility). Details of these proposals will be set out in the Scheme Document.

12. Break Fee Agreement

Linde and BOC have entered into a break fee agreement on 6 March 2006 which sets out various matters in relation to the Offer. In particular, Linde may be required to pay to BOC an amount of £75 million if:

- (a) the Pre-Conditions have not been satisfied by 31 October 2006 provided that the BOC board has continued to recommend the offer (unless it has withdrawn its recommendation in response to a Linde Event as defined in Appendix 3); or
- (b) a Linde Event has occurred and:
 - (i) the Offer fails in response to such event; or

(ii) the Offer has not become unconditional by 28 February 2007.

BOC may be required to pay to Linde an amount of £75 million in circumstances where:

- (a) an independent competing offer is announced before Linde has indicated to BOC that it does not wish to proceed with the Offer or the Offer lapses or is withdrawn or is not made and the competing offer (or any other independent competing offer which is announced before (A) Linde has indicated to BOC that it does not wish to proceed with the Offer or (B) any such earlier independent competing offer lapses, is withdrawn or is not made) subsequently becomes unconditional in all respects or otherwise completes; or
- (b) the BOC board does not recommend the Offer or withdraws or adversely modifies its recommendation or agrees to recommend an independent competing offer, except in response to a Linde Event.

A summary of certain provisions of the Break Fee Agreement, including details relating to the conditions of these payments, is set out in Appendix 3.

13. Offer financing

Linde has obtained committed funds to finance the Offer by means of a credit agreement entered into on 3 March 2006 with, amongst others, Commerzbank Aktiengesellschaft, Deutsche Bank AG, Dresdner Kleinwort Wasserstein, the investment banking division of Dresdner Bank AG, Morgan Stanley Bank International Limited and The Royal Bank of Scotland plc as mandated lead arrangers and Deutsche Bank Luxembourg S.A. as facility agent.

It is intended to refinance the funds obtained pursuant to the Credit Agreement through a combination of funds raised in the equity and debt capital markets (including approximately €1.4 to €1.8 billion from new equity and approximately €1.2 to €1.6 billion from new hybrid capital), proceeds from disposals of selected businesses and cash flows generated in the course of business.

The Credit Agreement provides for committed funds of approximately €15 billion which will be used, among other things, to finance the Offer, refinance certain existing indebtedness and pay transaction expenses, as well as to provide ongoing working capital for the enlarged Linde Group.

It is Linde's intention to maintain an investment-grade rating for the combined group.

Deutsche Bank and Morgan Stanley, joint financial advisers to Linde, are satisfied that sufficient resources are available to satisfy in full the cash consideration payable to BOC Shareholders under the terms of the Offer.

14. Disclosure of interests in BOC Shares

As at the close of business on 2 March 2006, Morgan Stanley and its affiliates, who are acting in concert with Linde, held 3,270,775 BOC Shares and 12,000 BOC ADSs

and Deutsche Bank and its affiliates, who are also acting in concert with Linde, held 6,866,552 BOC Shares, representing in aggregate approximately 1.98 per cent. of the existing issued share capital of BOC.

Save for the holdings referred to above and the irrevocables referred to in paragraph 3 above, neither Linde nor any of the members of its Management Board or Supervisory Board nor, so far as Linde is aware, any person acting in concert with Linde has any interest in, or right to subscribe for, any BOC Shares, nor does any such person have any short position or any arrangement in relation to BOC Shares. For these purposes “arrangement” includes any agreement to sell or any delivery obligation or right to require another person to purchase or take delivery and borrowing and lending of BOC Shares. An “arrangement” also includes any indemnity or option arrangement, any agreement or any understanding, formal or informal, of whatever nature, relating to BOC Shares which may be an inducement to deal or refrain from dealing in such securities.

It has not been possible, by the date of this announcement, to ascertain the interests in BOC Shares (if any) of all of Linde’s concert parties. Further enquiries will be completed prior to publication of the Scheme Document. If such enquiries reveal any such interests, they will be included in the Scheme Document or announced earlier if so requested by the Panel.

“Interests in securities” is further explained in paragraph 15 below.

15. Dealing disclosure requirements

Under the provisions of Rule 8.3 of the City Code, if any person is, or becomes, “interested” (directly or indirectly) in 1 per cent. or more of any class of “relevant securities” of BOC, all “dealings” in any “relevant securities” of BOC (including by means of an option in respect of, or a derivative referenced to, any such “relevant securities”) must be publicly disclosed by no later than 3.30 p.m. (London time) on the London business day following the date of the relevant transaction. This requirement will continue until the date on which the Scheme becomes effective, lapses or is otherwise withdrawn or on which the “offer period” otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an “interest” in “relevant securities” of BOC, they will be deemed to be a single person for the purpose of Rule 8.3.

Under the provisions of Rule 8.1 of the City Code, all “dealings” in “relevant securities” of BOC by Linde or BOC, or by any of their respective “associates”, must be disclosed by no later than 12.00 noon (London time) on the London business day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose “relevant securities” “dealings” should be disclosed, and the number of such securities in issue, can be found on the Panel’s website at www.thetakeoverpanel.org.uk.

“Interests in securities” arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an “interest” by virtue of the ownership

or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the City Code, which can also be found on the Panel's website. If you are in any doubt as to whether or not you are required to disclose a "dealing" under Rule 8, you should consult the Panel.

16. **General**

The Offer may be made by one or more subsidiaries of Linde in addition to or in place of Linde. Provided that no bona fide competing offer has been made public and there has been no change in the BOC board's recommendation of the Offer, subsidiaries will only make the Offer with the consent of BOC (such consent not to be unreasonably withheld or delayed). Details of any such companies will be included in the Scheme Document. References to Linde in this announcement should be construed accordingly.

Linde reserves the right, with the consent of the Panel, to elect to implement the Offer by making a takeover offer for the entire issued and to be issued share capital of BOC. Provided that no bona fide competing offer has been made public and there has been no change in the BOC board's recommendation of the Offer, Linde will only elect to implement the Offer by making a takeover offer with the consent of BOC (such consent not to be unreasonably withheld or delayed). If Linde elects to implement the Offer by a takeover offer, that offer will be implemented on the same terms, so far as applicable, as those which would apply to the Scheme. Further, if sufficient acceptances of such offer are received and/or sufficient Shares are otherwise acquired, it is the intention of Linde to apply the provisions of sections 428 to 430F (inclusive) of the Companies Act to acquire compulsorily any outstanding Shares to which such offer relates.

It is intended that, following the Offer becoming effective and subject to applicable requirements of the London Stock Exchange and the UK Listing Authority, Linde will procure that BOC will apply to the London Stock Exchange and the UK Listing Authority for cancellations, respectively, of the admission to trading of the BOC Shares on the London Stock Exchange's market for listed securities and of the listing of the BOC Shares on the Official List. In addition, it is expected that, following the Offer becoming effective, the BOC ADSs will be delisted from the New York Stock Exchange and the BOC ADSs and the underlying BOC Shares will be de-registered with the US Securities and Exchange Commission.

The Offer is subject to the Pre-Conditions and, when made, will be subject to the conditions and further terms set out, or referred to, in Appendix 1 to this announcement and to be set out in the Scheme Document and the Form of Election.

Pursuant to the terms of the Credit Agreement, Linde has agreed with its financing banks that it will not amend, waive or modify any condition to the Offer save:

- (a) to the extent that the majority lenders have agreed otherwise; or

- (b) where such amendments, waivers or modifications (i) could not be reasonably expected to be material and prejudicial to the interests of the lenders, or (ii) are required by the Panel, the City Code, the rules or requirements of any securities exchange with jurisdiction over Linde or BOC or any applicable law or regulation; or
- (c) where the Panel will not allow the relevant condition to be invoked.

If Linde wishes to waive or amend any condition of the Offer (save as permitted under paragraphs (a) to (c) above), the majority lenders may (if, in their opinion, they consider that the proposed amendment, waiver or modification could be reasonably expected to be material and prejudicial to the interests of the lenders and is of material significance in the context of the Offer) require Linde to make representations to the Panel to establish whether the Panel would permit Linde to invoke the relevant condition. If the Panel grants such permission, then Linde shall invoke such condition. Linde has agreed to give BOC three business days' notice of any intention to invoke a condition.

The availability of the Offer to persons not resident in the UK may be affected by the laws of the relevant jurisdiction. Any persons who are subject to the laws of any jurisdiction other than the UK should inform themselves about and observe any applicable requirements. Further details in relation to overseas shareholders will be contained in the Scheme Document.

The bases and sources of certain financial information contained in this announcement are set out in Appendix 2 to this announcement. Certain terms used in this announcement are defined in Appendix 6 to this announcement.

This announcement does not constitute an offer or invitation to purchase any securities. BOC Shareholders are advised to read carefully the formal documentation in relation to the Offer once it has been despatched.

Deutsche Bank, which is authorised by Bundesanstalt für Finanzdienstleistungsaufsicht (BaFin) and by the Financial Services Authority (FSA) and is regulated by the FSA for the conduct of UK business, is acting exclusively for Linde and no one else in connection with the Offer and will not be responsible to anyone other than Linde for providing the protections afforded to clients of Deutsche Bank nor for providing advice in connection with the Offer.

Morgan Stanley is acting for Linde in connection with the Offer and no one else and will not be responsible to anyone other than Linde for providing the protections afforded to clients of Morgan Stanley or for providing advice in relation to the Offer or any other matters referred to in this announcement.

JPMorgan Cazenove, which is regulated in the UK by the FSA, is acting exclusively for BOC and no one else in connection with the Offer and will not be responsible to anyone other than BOC for providing the protections offered to clients of JPMorgan Cazenove nor for providing advice in relation to the Offer or any other matters referred to in this announcement.

Merrill Lynch is acting exclusively for BOC in connection with the Offer and no one else and will not be responsible to anyone other than BOC for providing the protections afforded to clients of Merrill Lynch or for providing advice in relation to the Offer or any other matters referred to in this announcement.

Unless otherwise determined by Linde and BOC, and permitted by applicable law and regulation, the Offer, including the Loan Note Alternative, will not be made, directly or indirectly, in or into, and will not be capable of acceptance in or from, Canada, Australia or Japan. Accordingly, copies of this announcement are not being, and must not be, mailed or otherwise forwarded, distributed or sent in, into or from Canada, Australia or Japan. Custodians, nominees and trustees should observe these restrictions and should not send or distribute this announcement in or into Canada, Australia or Japan.

The Loan Notes to be issued in connection with the Offer have not been, nor will they be, registered under the US Securities Act or under the securities laws of any state or other jurisdiction of the United States (or under the securities laws of any other jurisdiction, the residents of which Linde is advised to treat as Restricted Overseas Persons in order to observe the laws of such jurisdiction or to avoid the requirement to comply with any governmental or other consent or any registration, filing or other formality which Linde regards as unduly onerous); the relevant clearances have not been, and will not be, obtained from the securities commission of any province of Canada; and no prospectus has been lodged with, or registered by, the Australian Securities and Investments Commission or the Japanese Ministry of Finance. Accordingly, unless otherwise determined by Linde and BOC, and permitted by applicable law and regulation, the Loan Notes may not be offered, sold, resold, delivered or transferred, directly or indirectly, in or into the United States, Canada, Australia or Japan or any other jurisdiction if to do so would constitute a violation of the relevant laws of, or require registration thereof in, such jurisdiction or to, or for the account or benefit of, a person located in the United States, Canada, Australia or Japan.

Notice to US Investors in BOC: The Offer relates to the shares of a UK company and is proposed to be made by means of a scheme of arrangement provided for under English company law. A transaction effected by means of a scheme of arrangement is not subject to the tender offer rules under the US Securities Exchange Act. Accordingly, the Offer is subject to the disclosure requirements and practices applicable in the UK to schemes of arrangement which differ from the disclosure requirements of the US tender offer rules. Financial information included in the relevant documentation will have been prepared in accordance with accounting standards applicable in the UK and Germany that may not be comparable to the financial statements of US companies. If Linde exercises its right to implement the Offer by way of a takeover offer, the Offer will be made in compliance with the applicable US laws and regulations.

Forward Looking Statements

This announcement includes “forward-looking statements” under United States securities laws. These statements are based on the current expectations of the

management of BOC and Linde and are naturally subject to uncertainty and changes in circumstances. The forward-looking statements contained herein include statements about the expected effects on Linde of the Offer, the expected timing and scope of the Offer, anticipated earnings enhancements, estimated cost savings and other synergies, costs to be incurred in achieving synergies, potential disposals and other strategic options and all other statements in this announcement other than historical facts. Forward-looking statements include, without limitation, statements typically containing words such as “intends”, “expects”, “anticipates”, “targets”, “estimates” and words of similar import. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. These factors include, but are not limited to, the satisfaction of the Pre-Conditions and the conditions to the Offer, and Linde’s ability to successfully integrate the operations and employees of BOC, as well as additional factors, such as changes in economic conditions, changes in the level of capital investment by the semiconductor industry, success of business and operating initiatives and restructuring objectives, customers’ strategies and stability, changes in the regulatory environment, fluctuations in interest and exchange rates, the outcome of litigation, government actions and natural phenomena such as floods, earthquakes and hurricanes. Other unknown or unpredictable factors could cause actual results to differ materially from those in the forward-looking statements. Neither BOC nor Linde undertake any obligation to update publicly or revise forward-looking statements, whether as a result of new information, future events or otherwise, except to the extent legally required.

APPENDIX 1

PRE-CONDITIONS, CONDITIONS AND CERTAIN FURTHER TERMS OF THE OFFER

1. PRE-CONDITIONS OF THE OFFER

The Offer, and the posting of the Scheme Document, will take place only if the following Pre-Conditions are satisfied or waived:

- (a) insofar as the proposed acquisition of BOC by Linde constitutes a concentration with a Community dimension within the scope of Council Regulation (EC) 139/2004 (as amended) (the “Merger Regulation”):
 - (i) the European Commission shall have made a decision declaring the concentration compatible with the common market under Articles 6(1)(b), 8(1) or 8(2) of the Merger Regulation, any conditions and obligations attached to the European Commission’s decision being in form and substance reasonably satisfactory to Linde; or
 - (ii) the European Commission shall not have taken a decision in accordance with Articles 6(1)(b), 6(1)(c), 8(1), 8(2) or 8(3) of the Merger Regulation within the time limits set in Articles 10(1) and 10(3) and is thereby deemed to have declared the concentration compatible with the common market pursuant to the presumption in Article 10(6) of the Merger Regulation; or
 - (iii) in the event that the European Commission makes a referral to a competent authority under Articles 4(4) or 9(1) of the Merger Regulation in connection with the proposed acquisition of BOC by Linde, such competent authority shall have issued a decision, finding or declaration, in terms reasonably satisfactory to Linde, approving the proposed acquisition and permitting its closing without any breach of applicable law; and
- (b) all filings having been made and all or any applicable waiting periods (including any extensions thereof) under the United States Hart-Scott Rodino Antitrust Improvements Act of 1976 and the regulations thereunder having expired, lapsed or been terminated as appropriate in each case in respect of the proposed acquisition of BOC by Linde and neither of the parties being subject to any order or injunction of a court of competent jurisdiction in the United States that prohibits consummation of the Offer as a result of action brought by the US Federal Trade Commission or US Department of Justice.

Linde reserves the right to waive all or any of these Pre-Conditions, in whole or in part, with the prior consent of BOC (such consent not to be unreasonably withheld or delayed), provided that Linde shall not need to obtain BOC’s consent if a bona fide proposal competing with the Offer has been made public or the board of directors of

BOC does not recommend the Offer or withdraws or adversely modifies its recommendation or intention to recommend, except, in any such case, in response to a Linde Event (as defined in Appendix 3).

The Offer will not proceed if the Pre-Conditions have not been satisfied or waived by the close of business on 31 October 2006, or such later date (if any) as Linde and BOC may, with the consent of the Panel, agree.

2. CONDITIONS OF THE OFFER

The Offer will be conditional upon the Scheme becoming unconditional and becoming effective, subject to the City Code, by not later than 28 February 2007, or such later date (if any) as BOC, Linde and the Court may agree. The Scheme will be conditional upon:

- (a) approval of the Scheme by a majority in number, representing 75 per cent. or more in value, of the BOC Shareholders (or the relevant class or classes thereof) present and voting, either in person or by proxy, at the Court Meeting or at any adjournment thereof;
- (b) all resolutions necessary to implement the Scheme as set out in the notice of the EGM (including, without limitation, the Special Resolutions) being duly passed by the requisite majority at the EGM or at any adjournment thereof; and
- (c) the sanction (without modification or with modification as agreed by BOC and Linde) of the Scheme and the confirmation of any reduction of capital involved therein by the Court, an office copy of the Order and the minute of such reduction attached thereto being delivered for registration to the Registrar of Companies and, in relation to the reduction of capital, being registered by him.

3. CONDITIONS OF THE SCHEME

In addition, BOC and Linde have agreed that the Scheme will be conditional upon the following matters and, accordingly, the necessary action to make the Scheme effective will not be taken unless such conditions (as amended if appropriate) have been satisfied or waived:

- (a) since 30 September 2005 and except as disclosed in BOC's annual report and accounts for the year then ended or as otherwise publicly announced by BOC prior to the date of this announcement (by the delivery of an announcement to a Regulatory Information Service) or as otherwise fairly disclosed prior to the date of this announcement in writing to Linde or its advisers by or on behalf of BOC in the course of negotiations, no Third Party having intervened (as defined below) and there not continuing to be outstanding any statute, regulation or order of any Third Party in each case which is material in the context of the Offer and which, in each case to an extent which is material in the context of the Wider Linde Group or Wider BOC Group taken as a whole, would reasonably be expected to:

- (i) make the Offer, its implementation or the acquisition or proposed acquisition by Linde or any member of the Wider Linde Group of any shares or other securities in, or control or management of, BOC or any member of the Wider BOC Group void, illegal or unenforceable in any jurisdiction, or otherwise directly or indirectly materially restrain, prevent, prohibit, restrict or delay the same or impose material additional conditions or obligations with respect to the Offer or such acquisition, or otherwise materially impede, challenge or interfere with the Offer or such acquisition, or require material amendment to the terms of the Offer or the acquisition or proposed acquisition of any Shares or the acquisition of control or management of BOC or the Wider BOC Group by Linde or any member of the Wider Linde Group;
- (ii) limit or delay, or impose any limitations on, the ability of any member of the Linde Group or any member of the BOC Group to acquire or to hold or to exercise effectively, directly or indirectly, all or any rights of ownership in respect of shares or other securities in, or to exercise voting or management control over, any member of the Wider BOC Group or any member of the Linde Group;
- (iii) prevent or delay or alter the terms envisaged for any proposed divestiture or require any additional divestiture by any member of the Wider Linde Group of any shares or other securities in BOC;
- (iv) prevent or delay or alter the terms envisaged for any proposed divestiture or require any additional divestiture by any member of the Wider Linde Group or by any member of the Wider BOC Group of all or any portion of their respective businesses, assets or properties or limit the ability of any of them to conduct any of their respective businesses or to own or control any of their respective businesses, assets or properties or any part thereof;
- (v) except pursuant to Part XIII A of the Companies Act, require any member of the Wider Linde Group or of the Wider BOC Group to acquire, or to offer to acquire, any shares or other securities (or the equivalent) in any member of the Wider BOC Group owned by any third party;
- (vi) limit the ability of any member of the Wider Linde Group or of the Wider BOC Group to conduct or integrate or co-ordinate its business, or any part of it, with the businesses or any part of the businesses of any other member of the Wider Linde Group or of the Wider BOC Group;
- (vii) result in any member of the Wider BOC Group ceasing to be able to carry on business under any name under which it presently does so; or

- (viii) otherwise adversely affect any or all of the business, assets, profits, financial or trading position or prospects of any member of the Wider BOC Group,

and all applicable waiting and other time periods (including any extensions of such waiting and other time periods) during which any Third Party could intervene under any applicable legislation or regulation of any relevant jurisdiction having expired, lapsed or been terminated (as appropriate), in each case which is material in the context of the Wider Linde Group or the Wider BOC Group taken as a whole;

- (b) in the event that the Pre-Condition set out in paragraph 1(a) above is waived in whole or in part and insofar as the proposed acquisition of BOC by Linde constitutes a concentration with a Community dimension within the scope of Council Regulation (EC) 139/2004 (as amended) (the “Merger Regulation”):
 - (i) the European Commission shall have made a decision declaring the concentration compatible with the common market under Article 6(1)(b) of the Merger Regulation, any conditions and obligations attached to the European Commission’s decision being in form and substance reasonably satisfactory to Linde; or
 - (ii) the European Commission shall have made a decision declaring the concentration compatible with the common market under Articles 8(1) or 8(2) of the Merger Regulation, any conditions and obligations attached to the European Commission’s decision being in form and substance reasonably satisfactory to Linde, following the European Commission’s decision under Article 6(1)(c) of the Merger Regulation provided that the Panel has granted its consent to proceed with the Scheme following the European Commission’s decision under Article 6(1)(c) of the Merger Regulation; or
 - (iii) the European Commission shall not have taken a decision in accordance with Articles 6(1)(b) or 6(1)(c) of the Merger Regulation within the time limits set in Article 10(1) and is thereby deemed to have declared the concentration compatible with the common market pursuant to the presumption in Article 10(6) of the Merger Regulation; or
 - (iv) the European Commission shall not have taken a decision in accordance with Articles 8(1), 8(2) or 8(3) of the Merger Regulation within the time limits set in Article 10(3) and is thereby deemed to have declared the concentration compatible with the common market pursuant to the presumption in Article 10(6) of the Merger Regulation, following the European Commission’s decision under Article 6(1)(c) of the Merger Regulation provided that the Panel has granted its consent to proceed with the Scheme following the European Commission’s decision under Article 6(1)(c) of the Merger Regulation; or

- (v) in the event that the European Commission makes a referral to a competent authority under Articles 4(4) or 9(1) of the Merger Regulation in connection with the proposed acquisition of BOC by Linde and provided the Panel has granted, if required, its consent to proceed with the Scheme following the European Commission's decision to refer the case, such competent authority shall have issued a decision, finding or declaration, in terms reasonably satisfactory to Linde, approving the proposed acquisition and permitting its closing without any breach of applicable law;
- (c) in the event that the Pre-Condition set out in paragraph 1(b) is waived in whole or in part, all filings having been made and all or any applicable waiting periods (including any extensions thereof) under the United States Hart-Scott Rodino Antitrust Improvements Act of 1976 and the regulations thereunder having expired, lapsed or been terminated as appropriate in each case in respect of the proposed acquisition of BOC by Linde and neither of the parties being subject to any order or injunction of a court of competent jurisdiction in the United States that prohibits consummation of the Offer as a result of action brought by the US Federal Trade Commission or US Department of Justice;

- (e) since 30 September 2005 and except as disclosed in BOC's annual report and accounts for the year then ended or as otherwise publicly announced by BOC prior to the date of this announcement (by the delivery of an announcement to a Regulatory Information Service) or as fairly disclosed prior to the date of this announcement in writing to Linde or its advisers by or on behalf of BOC in the course of negotiations, there being no provision of any material arrangement, agreement, licence, permit, franchise or other instrument to which any member of the Wider BOC Group is a party, or by or to which any such member or any of its assets is or are or may be bound, entitled or subject

or any material circumstance, which, in each case as a consequence of the Offer or the acquisition or proposed acquisition of any shares or other securities in, or control or management of, BOC or any other member of the Wider BOC Group by any member of the Wider Linde Group or otherwise, could or might reasonably be expected to result in (in any case to an extent which is or would be material in the context of the Wider BOC Group taken as a whole):

- (iv) any material asset or interest of any member of the Wider BOC Group being or falling to be disposed of or ceasing to be available to any member of the Wider BOC Group or any right arising under which any such asset or interest could be required to be disposed of or could cease to be available to any member of the Wider BOC Group;

- (vi) the creation of material liabilities (actual or contingent) by any member of the Wider BOC Group;

same (in each case other than in the ordinary course of business), other than a transaction between:

- (c) "Authorisations" means authorisations, orders, grants, recognitions, determinations, certificates, confirmations, consents, licences, clearances, provisions and approvals.

Subject to the requirements of the Panel, Linde reserves the right to waive all or any of the above conditions, in whole or in part, except the conditions in paragraph 2 above.

Linde reserves the right to remove the reference to any Pre-Condition in condition 3(b) and (c) above at the time the Scheme Document is issued.

If the Panel requires Linde to make an offer for BOC Shares under the provisions of Rule 9 of the City Code, Linde may make such alterations to the conditions of the Offer as are necessary to comply with the provisions of that Rule.

The Offer will lapse and the Scheme will not proceed (unless otherwise agreed by the Panel) if, following the posting of the Scheme Document, the European Commission either initiates proceedings under Article 6(1)(c) of the Merger Regulation or makes a referral to a competent authority of the United Kingdom under Article 9(1) of the Merger Regulation and there is then a reference to the Competition Commission before the date of the Court Meeting.

4. CERTAIN FURTHER TERMS OF THE OFFER

The Loan Note Elected Shares will be acquired by Linde fully paid and free from all liens, equitable interests, charges, encumbrances and other third party rights of any nature whatsoever and together with all rights now or hereafter attaching thereto including the right to receive and retain all dividends and other distributions announced, declared or paid on or after the date of this announcement other than the Second Interim Dividend (details of which are set out in paragraph 2 of the main body of this announcement above).

The Offer and, where relevant, the Loan Note Alternative will be on the terms and will be subject, *inter alia*, to those terms which will be set out in the Scheme Document and, in relation to the Loan Note Alternative, in the Form of Election and such further terms as may be required to comply with the Listing Rules of the UK Listing Authority and the provisions of the City Code.

The availability of the Offer to persons not resident in the United Kingdom may be affected by the laws of the relevant jurisdictions. Persons who are not resident in the United Kingdom should inform themselves about and observe any applicable requirements.

Linde reserves the right, with the consent of the Panel and, in certain circumstances, of BOC, to elect to implement the Offer by way of a takeover offer. In such event, such offer will be implemented on the same terms (subject to appropriate amendments, including (without limitation) an acceptance condition set at ninety per cent. of the shares to which such offer relates), so far as applicable, as those which would apply to the Scheme.

This announcement and any rights or liabilities arising hereunder, together with the Offer and the Scheme, will be governed by English law and be subject to the jurisdiction of the English courts. The rules and regulations of the FSA, the rules of the London Stock Exchange and the rules contained in the City Code, so far as they are appropriate, apply to the Offer.

APPENDIX 3

THE BREAK FEE AGREEMENT

Linde and BOC entered into a break fee agreement on 6 March 2006 which sets out various matters in relation to the Offer. In particular, the Break Fee Agreement provides that:

- (a) without BOC's consent (such consent not to be unreasonably withheld or delayed), Linde undertakes not to (i) waive, in whole or in part, any of the Pre-Conditions or (ii) elect to implement the proposed acquisition by way of a takeover offer or by using one or more subsidiaries of Linde in addition to or in place of Linde. Such consent shall not be required if a bona fide competing offer has been made public or there has been a change in the BOC board's recommendation of the Offer, except in response to a Linde Event;
- (b) Linde and BOC will use all reasonable endeavours to achieve the satisfaction of the Pre-Conditions as promptly as practicable and in any event by 31 May 2006 (including co-operating and proceeding with a Phase II enquiry under the Merger Regulation, if such enquiry is initiated and a Second Request under the Hart-Scott-Rodino Anti-trust Improvements Act 1976, as amended, if a Second Request is made);
- (c) BOC will pay to Linde a compensation fee of £75 million if:
 - (i) an independent competing offer is announced before Linde has indicated to BOC that it does not wish BOC to proceed with the Scheme or the takeover offer lapses or is withdrawn or (with the consent of the Panel) is not made and that competing offer (or any other independent competing offer which is announced before (A) Linde has indicated to BOC that it does not wish BOC to proceed with the Scheme or the takeover offer lapses or is withdrawn or (with the consent of the Panel) is not made or (B) any such earlier independent competing offer lapses, is withdrawn or is not made) subsequently becomes or is declared unconditional in all respects or is otherwise completed; or
 - (ii) the BOC board does not recommend the Offer or withdraws or adversely modifies its recommendation of the Offer or agrees or resolves to recommend an independent competing offer, except in response to a Linde Event; and
- (d) Linde will pay to BOC a compensation fee of £75 million if:
 - (i) the Pre-Conditions have not been satisfied by 31 October 2006 and the BOC board has continued to recommend to its shareholders to vote in favour of the Scheme (or, if applicable, the takeover offer) except if it has withdrawn its recommendation in response to a Linde Event;

(ii) a Linde Event has occurred and:

(A) the Offer fails in response to such event; or

(B) the Offer has not become unconditional by 28 February 2007.

A “Linde Event” is defined in the Break Fee Agreement as any event or circumstance attributable to any act or omission of Linde, its Supervisory or Management Board or its advisers (acting in their capacity as such) or its financing banks or other debt holders or shareholders (acting in their capacity as such) which would materially delay or prevent completion of the acquisition other than the exercise by Linde or the financing banks of any rights under, or relating to, the conditions to the Offer.

APPENDIX 5

LOAN NOTE ALTERNATIVE

The Loan Notes, which will be governed by English law, will be cash collateralised. The Loan Notes will bear interest, payable every six months in arrear, from the date of issue to the relevant holder of the Loan Notes (less any tax required by law to be deducted or withheld therefrom) on 30 June and 31 December (or, if such date is not a Business Day, on the first Business Day thereafter), at a rate per annum calculated to be 0.75 per cent. below LIBOR as determined on the first Business Day of each such interest period.

The Loan Notes will be redeemable at par (together with accrued interest) at the option of the holders, in whole or in part, on interest payment dates commencing on the first 30 June or 31 December date which falls more than six months after the date of issue of the Loan Notes. Any Loan Notes outstanding on the final redemption date (which is expected to be 31 December 2013) will be redeemed at par (together with any accrued interest) on that date (or, if such date is not a Business Day, on the first Business Day thereafter). Linde may elect to redeem any Loan Notes on any earlier interest payment date if the aggregate nominal value of the Loan Notes then outstanding is less than £5 million. The Loan Notes will be transferable but no application will be made for them to be listed or dealt in on any stock exchange. If Linde elects to implement the Offer by making a takeover offer, the Loan Notes will not be transferable.

Until such time as the Loan Notes have been repaid in full, there shall at all times be deposited with a security trustee in a bank account charged in favour of the security trustee for the holders of the Loan Notes, the then outstanding amount of the Loan Notes (including accrued but unpaid interest).

The Loan Notes will be issued, credited as fully paid, in integral multiples of £1 nominal value. Fractional entitlements to Loan Notes will be disregarded and will not be issued to persons otherwise electing to receive them. Linde reserves the right not to issue the Loan Notes where valid elections are received for an aggregate of less than £20 million in nominal value of Loan Notes by the date the Scheme becomes effective. If insufficient elections are received and Linde exercises this right, BOC Shareholders who elected to receive Loan Notes will instead receive cash consideration in accordance with the terms of the Scheme.

The Loan Notes to be issued in connection with the Offer have not been, and will not be, registered under the US Securities Act or under the securities laws of any state or other jurisdiction of the United States, Canada, Australia or Japan (or under the securities laws of any other jurisdiction, the residents of which Linde is advised to treat as Restricted Overseas Persons in order to observe the laws of such jurisdiction or to avoid the requirement to comply with any governmental or other consent or any registration, filing or other formality which Linde regards as unduly onerous). Accordingly, the Loan Notes may not (unless an exemption under the relevant

securities laws is applicable) be offered, sold, resold, delivered or transferred, directly or indirectly, in or into the United States, Canada, Australia or Japan (or any other jurisdiction if to do so would constitute a violation of the relevant laws of, or require registration thereof in, such jurisdiction) or to, or for the account or benefit of, a person located in the United States, Canada, Australia or Japan.

The Loan Note Alternative will be conditional on the Scheme becoming effective. Full details of the Loan Note Alternative will be contained in the Scheme Document and the Form of Election.
